

Best Practice 1: Web Creation and Hosting

Krantiagrani G. D. Bapu Lad Mahavidyalaya, Kundal

Department of BCA

Year 2020-2021

Best Practices

Title of the practice-Website Creation and Hosting

Objective of the Practice-

1. Introduce new languages to students.
2. Describe study about data collection and feasibility study.
3. Study about maintenance of website after hosting.

Context-

The Shivaji University offers syllabus of BCA as for IT field carrier opportunity. BCA syllabus covers the different languages and OS systems for study. In that include C, CPP, and Java as a basic languages and HTML, CSS, ASP languages for web development. BCA I and II years students covers the knowledge about web development as a basic also we offer ADD-ON courses for web development. We discuss with student about their interest and guide them for online live project. BCA-II and BCA-III have mini project and major project for semester. We practically show the students how work on live project is and how handle live project.

Practice-

After successively completing pratinidhi high school, Kundal and our college website the BCA department and BCA students covers new live project for 2 new schools. BCA students work on 2 new websites-patangrao kadam madhymik vidyalaya, Kundal and patangrao kadam prathmik shala, Kundal with domain name- www.pkmvkundal.co.in and www.pkpskundal.co.in . In that website we implement the knowledge of website creation and hosting to new students of departments. The student use HTML, CSS, BOOTSTRAP and PHP language for creating those 2 websites. After successively hosting these 2 websites students earn 15,000 rupees to each website. Here we motivate students for earn and learn METHODOLOGY. Students also getting

knowledge about marketing and business strategies, that all things are important in future for become start our business in IT sector also.

The students also gain knowledge about FTP transformation of data for data transferring to server with live stage. The students follows the SDLC formation for creating a website and hosting a website successively.

Evidence of Success-

BCA department and student complete fallowing website successively-

Sr. No	Website Name	Website description	Platform
1.	www.pkmvkundal.co.in	School website	HTML, CSS, Bootstrap, PHP
2.	www.pkpskundal.co.in	School Website	HTML, CSS, Bootstrap, PHP

BCA students gain perfect knowledge about web creation and create own live websites also get income from hosted website.

We try to ready to students as a business carrier in future. We also arrange seminars and workshops for students for web creation approach. Students gain web design knowledge and make own website for customers and get income. That practice of BCA department is best for student as "Earn and Learn" method.

डॉ. पतंगराव कदम प्राथमिक शाळा, कुंडल

पार्वती साइ एज्यु. सोसायटी कुंडल संघर्षित डॉ. पतंगराव कदम प्राथमिक शाळेची स्थापना सन 2003 मध्ये झाली. संस्थेचे संस्थापक मा.मईंद्र (आप्पा) सुबराव साइ व स्व. पतंगरावजी कदम साहेब बांध्या अध्यक्ष परिक्षणातून एका सामान्य बाहुवात सुट झालेल्या या शाळेने आज वैदिकमान वसा मिळवत, वसाचा आणि कितीचा कळस गाठला आहे.

आजवरचा इतिहास सांगतो की समाजातील सामान्यजनांच्या मनात जेव्हा पैलव्याचा आणि आत्मविश्वासाचा दिवा पेटतो तेव्हा अशक्यप्राय वाटणारी कामेही लीसवा होऊन जातात आणि याचे प्रत्यक्ष उदाहरण म्हणजेच डॉ. पतंगराव कदम प्राथ. शाळा कुंडल.

हे विद्यालय 'तमसो मा ज्योतिर्गमय' अर्थातच अंधकारातून प्रकाशाच्या दिशेने होणारी वाटघाल. संस्थेचे हे ब्रीद वाक्य आज साद्ये ठरले आहे. आज किन्हीक विद्यार्थी या विद्यालयातून शिक्षण घेऊन उच्च पदावर कार्यरत आहेत. सर्व शैतिक सोयी सुविधांनी परिपूर्ण असणाऱ्या विद्यालयामध्ये आज पंचक्रोशीतील सर्वसामान्यांची शेकडो मुले शिक्षण घेत आहेत.

" प्रिय अशी ही आमची शाळा तिच्यावर मी काय भिहाने,
महती तिची माता-माता शब्दच जन्म कमी पडले "

Outcomes of Best Practices-

1. Students get exact knowledge about how to data collect from customer.
2. Students understand distribution of data and also getting knowledge about feasibility study.
3. Students perform well in how to maintain website after hosting

Problem Encountered and Resources Required-

1. A communication problem arises between student and customer.
2. Code repetition and code integrity not maintained by student.
3. The time management issue for student for handling college and work get hardest.
4. Customer availability problem arises to students.
5. Website marketing and data collection issue for students.

Year 2019-2020

Best Practices

Title of the practice-Website Creation and Hosting

Objective of the Practice-

1. Describe web creation languages with students
2. Students Practices and working on Live Project
3. Getting knowledge about marketing and business.

Context-

The Shivaji University offers syllabus of BCA as for IT field carrier opportunity. BCA syllabus covers the different languages and OS systems for study. In that include C, CPP, and Java as a basic languages and HTML, CSS, ASP languages for web development. BCA I and II years students covers the knowledge about web development as a basic also we offer ADD-ON courses for web development. We discuss with student about their interest and guide them for online live project. BCA-II and BCA-III have mini project and major project for semester. We practically show the students how work on live project is and how handle live project.

Practice-

We gain the advance knowledge for create a website ad hosting that website on server. Our previous year students get advance knowledge about websitehandling and FTP protocol. The panchshil academy placed in palus and that is one the best academy in sangli district. The BCA II year student get a synopsis title panchshilacademy website. The live project for practice and working on them perfectly.

The BCA II year student performs the website task with follows SDLC. They done our team and assign task to one person like analysis, designing, coding and handling all website online on hostinger platform. The student used HTML, CSS, BOOTSTRAP, PHP language for creating that website. The website owner sharing all relevant information with students and then student's ready panchshilacademy website well in manner. The student earns 15,000 rupees for completing that website.

The students gain perfect knowledge about website design and hosting website on server. Also students handle website with File transfer protocol for updating website up to date.

Evidence of Success-

BCA department and student complete following website successively-

Sr. No	Website Name	Website description	Platform
3.	www.panchshilacademy.com	Panchshil academy palus website	HTML, CSS, Bootstrap, PHP

BCA students gain perfect knowledge about web creation and create own live websites also get income from hosted website.

We try to ready to students as a business carrier in future. We also arrange seminars and workshops for students for web creation approach. Students gain web design knowledge and make own website for customers and get income. That practice of BCA department is best for student as "Earn and Learn" method.

Photos-

1. Panchshil Academy, Palus Website-<https://www.panchshilacademy.com/>

Outcomes of Best Practices-

1. Students get knowledge about how to collect data.
2. Students get idea about data analysis.
3. Implement SDLC transformation in real project.
4. Getting knowledge about how to handle live websites.

Problem Encountered and Resources Required-

1. Communication problem arises between students and customer.
2. Data collection and implementation problem.
3. Hosting problem occur at the time of hosting.

Krantiagrani G. D. Bapu Lad Mahavidyalaya, Kundal

Department of BCA

Year 2018-2019

Best Practices

Title of the practice-Website Creation and Hosting

Objective of the Practice-

1. Getting knowledge about web design.
2. Students aware about working on live projects.
3. Student getting knowledge about web hosting and handling.

Context-

The Shivaji University offers syllabus of BCA as for IT field carrier opportunity. BCA syllabus covers the different languages and OS systems for study. In that include C, CPP, and Java as a basic languages and HTML, CSS, ASP languages for web development. BCA I and II years students covers the knowledge about web development as a basic also we offer ADD-ON courses for web development. We discuss with student about their interest and guide them for online live project. BCA-II and BCA-III have mini project and major project for semester. We practically show the students how work on live project is and how handle live project.

Practice-

In BCA student learn a basic languages and knowledge about web development but we describe the details web development process and advance languages like Bootstrap. All students practice on each and every programming and web development languages after college time.

The students create a static website from syllabus covered languages; also we recover and update the student's website. The all students practice on static and also dynamic

websites and research on market requirement about updating in web creation. Student get all perfect data about market and meet the customer and discuss with them for business website. Because of that students gain exact knowledge about marketing and business strategies.

Once the customer ready to create their business website then student and staff research on that work like which language is used for create that website and how's they website created , customer requirement about website and all. The end discussion our student finally working that live website with use of Software Development Life Cycle. Each and every stage fallow for making customer business website with their requirement.

Students used advance knowledge for making a static websites. In that they use professional designing and better GUI for user satisfaction. The BCA department and students done near 5 website with good review from customer. If website complete then students host that websites on different hosting services like go daddy, hostinger etc. we also cover in lecture the whole process about how's website hosted and maintain after hosting a website.

BCA department and students handle 3+ live websites, after website host as per hosting cost student collect hosting cost and designing cost from customer. The website successively run on hosting panel then students provide yearly updating to customer with their requirement and also renew websites after year complete. BCA department and students of department also handle college website.

Evidence of Success-

BCA department and student complete following website successively-

Sr. No	Website Name	Website description	Platform
1.	www.phskundal.co.in	PratinidhiHightschool, kundal website	HTML, CSS, Bootstrap, PHP

BCA students gain perfect knowledge about web creation and create own live websites also get income from hosted website.

We try to ready to students as a business carrier in future. We also arrange seminars and workshops for students for web creation approach. Students gain web design knowledge and make own website for customers and get income. That practice of BCA department is best for student as "Earn and Learn" method.

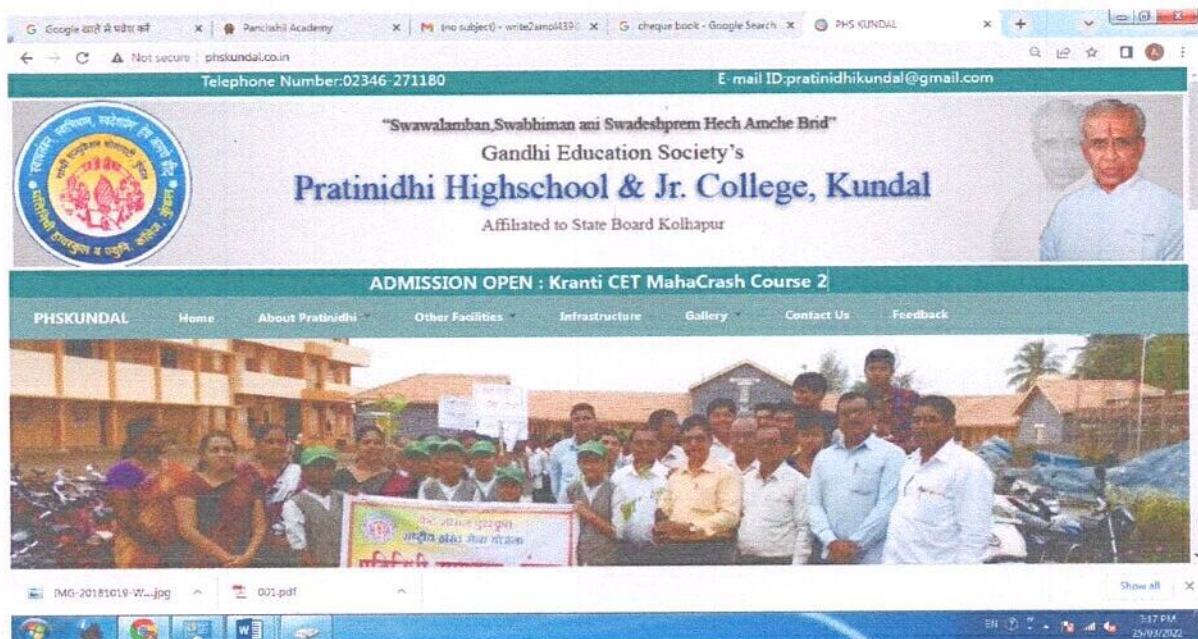

Photos-

1. Cheque received by students after complete Prathinidhi high school and junior college Kundal website completion

2. Prathinidhi high school and junior college Kundal website-
<http://phskundal.co.in/>

Outcomes of Best Practices-

1. Students get knowledge about how to handle website.
2. Student get idea about how to data analysis.
3. Student get chance to work on live project.
4. Student ready for earn and learn strategy.
5. Students get knowledge about web hosting and maintain.
6. In future students get ready for marketing strategy and business.

Problem Encountered and Resources Required-

1. Code repetition and code integrity not maintained by student.
2. The time management issue for student for handling college and work get hardest.
3. Data availability problem arises to students.

Best Practices

Title of the practice-Website Creation and Hosting

Objective of the Practice-

1. Web creation and data analysis methods.
2. Students Practices and working on college live website.

Context-

The Shivaji University offers syllabus of BCA as for IT field carrier opportunity. BCA syllabus covers the different languages and OS systems for study. In that include C, CPP, and Java as a basic languages and HTML, CSS, ASP languages for web development. BCA I and II years students covers the knowledge about web development as a basic also we offer ADD-ON courses for web development. We discuss with student about their interest and guide them for online live project. BCA-II and BCA-III have mini project and major project for semester. We practically show the students how work on live project is and how handle live project.

Practice-

The college website plays an important role in academic years. The college website covers all information and important data about college and also expands the student's data. The college website handling before that practice from third party like IT Company. We work on that and exploring the knowledge with students. The previous website of college run on ASP.NET platform so that reason the windows hosting space is very expensive for purchase and renew of college website.

Our BCA students convert that all website in plain HTML, BOOTSTRAP, CSS and PHP also. The previous website not a mobile responsive they not working well on any device like tab, mobile etc. but students convert all website in responsive mode also.

The practice from that mode students gain extra knowledge about website creation and hosting. The students also getting knowledge about use of FTP protocol that are used in file transfer to server without disturbing live website.

Evidence of Success-

BCA department and student complete following website successively-

Sr. No	Website Name	Website description	Platform
1.	www.kgdbapuladcollege.in	College website	HTML, CSS, Bootstrap, PHP

BCA students gain perfect knowledge about web creation and create own live websites also get income from hosted website.

BCA I and II years students covers the knowledge about web development as a basic also we offer ADD-ON courses for web development. We discuss with student about their interest and guide them for online live project. BCA-II and BCA-III have mini project and major project for semester. We practically show the students how work on live project is and how handle live project.

Practice-

BCA students get knowledge about website creation and hosting that website. We need to upgrade the knowledge about web creation. In that environment the marketing skill is important for exploring our project. The click2palus website getting full of information about palus and palus heritage and historical data also. We collect information from each and every shop owner and design model click2palus for visitors. The visitors can search required information from that website and also getting a particular contact no. of

that shop owner at the time of emergency. In click2palus website we display all relevant and important contact numbers about hospital and bus stand also. The shop owner fully satisfied with work of click2palus, because here they explore the whole shop information like address, contact no, new offers and latest updates about shop. Our students meet each shop owner and communicate with them for register on click2palus website. We also pay some amount for register shop on our website because of that BCA students get idea about marketing and web development also. The student earns 35,000 rupees for completing that website.

Evidence of Success-

BCA department and student complete following website successively-

Best Practice 2: Star Credit System

Gandhi Education Society, Kundal's

Krantiagrani G. D. Babu Lad Mahavidyalaya, Kundal

Department of Commerce

Annual Report (2020 - 2021)

Best Practices (Star Credit System)

In the year 2020 - 2021, the activity of 'Star of the year' has initiative under the 'Best Practices' in our college in Commerce department. This is activity is run only 3 months due to Corona.

Title of the practice-Start Credit System

1. Objectives of the practice:

- To bring about holistic development of students
- To gain more knowledge about textbook elements
- To increase the participation of students in classroom teaching
- To facilitate the teaching - learning process
- To inspire students to study by creating constructive competition
- To creating interest in the subject among the students
- To allowing students to apply the knowledge they have acquired

2. Context:

This scheme is used to accommodate the students in the classroom teaching process while teaching a subject. In recent times, students are not focused on classroom teaching. Students are often decentralized, by adopting this system, students get better results. This method is used to give the students an external knowledge of other elements which are in line with the subject matter. The student develops interest in the subject and the learning process goes smoothly. The objectives of the scheme are to develop the student holistically, to get more information about the textbook components, to increase the student's participation in the classroom, to facilitate the teaching and learning process, to create constructive competition among the students to motivate them to study. Creating social awareness, allowing students to apply the knowledge they have acquired.

3. The Practice:

Scheme format –

- When a student asked a question related to the subject for analyzing an answer or a point in a lecture, he/she will get 2** (2 Stars)
- Another issue raised by the same student on the same day. If he/she analyzed or of another question or answer, he/she will get 3 *** (3 Stars)
- On the same day the same student made another third point, if analyzed, he/she will get 4**** (4 Stars)
- As well as subject related information is to be collected through News papers, magazines, Books, internet etc. he will get 10 ***** (10 Stars)

(if more than one student brings the same information, then student who comes first, he/she will get the star)

- A student who plants a tree and brings a photo while planting will get 50 stars, and a student who brings a photo with the tree as proof of the tree conservation will get 100 stars.

4. Some rules for the plan:

6. Each student must earn at least 12 (12 stars) working days in a week (6 consecutive days),
7. If student don't at least 120 (12 stars) then he/she has to be given at least 15 minutes seminar on the component one of the subjects
8. 12 (12 stars) if student could not be obtained stars for three weeks in a row then that student earned up all stars to that day will be deleted.
9. Photo of tree conservation in college's annual award function. Photo will be submitted before 4 days prior to the distribution program
10. The stars of tree planting and tree conservation will be counted in the star of the year award.

5. Evidence of Success (Results after implementation of the scheme Conclusions):

9. Student class attendance increased
10. The students developed interest in the relevant subject.
11. The student's attention was focused on the classroom.
12. The study teaching process becomes easier.
13. Student began to associate subject knowledge with practice.
14. Student began to gain additional knowledge of the subject matter from other sources.

15. Student began to express their views strongly.
16. Students were inspired by the study.

कॉमर्सच्या विद्यार्थ्यांची बाजारसमिती व खरेदीविक्री संघास भेट

वार्ताहर
कुंडल

क्रांती अग्रणी जी. डी. बापू लाड महाविद्यालयातील कॉमर्स विभागाच्या बी.कॉम. भाग ३ मधील सर्व विद्यार्थ्यांनी अभ्यासानुवर्ती कार्यक्रमांतर्गत व्यावसायिक पर्यावरण विषयावरील अभ्यासासाठी पलूस येथील, कृषी उत्पन्न बाजार समिती व पलूस तालुका खरेदी विक्री संघास भेट देऊन कामकाजाची माहिती घेतली.

विद्यार्थ्यांनी मंगळवारच्या बाजार दिवशीच कृषी उत्पन्न बाजार समितीस भेट देऊन प्रत्यक्षपणे

ता. 14/8/21

कुंडल : कृषी उत्पन्न बाजार समितीस दिलेल्या भेटीप्रसंगी गणेश म्हेत्रे यांनी त्यांचे स्वागत केले.

जनावरांचा बाजार, धान्य बाजार व भाजीपाला बाजार कसा चालतो, भाजीपाल्याचे सौदे कसे होतात, एकूण बाजार व्यवहार कशा पद्धतीने चालतात हे जाणून घेतले. बाजार समितीचे सचिव गणेश म्हेत्रे यांनी बाजार समितीचे कामकाज कशा पद्धतीने चालते व बाजारावर नियंत्रण ठेवून शेतकऱ्यांची पिळवणूक होण्यापासून संरक्षण कशा पद्धतीने केले जाते याची माहिती दिली. तसेच पलूस तालुका खरेदी विक्री संघाच्या मुख्य कार्यालयास भेट देऊन खरेदी विक्री संघ कशा पद्धतीने स्थापित केला जातो, त्याची कार्ये, संघामार्फत शेतकऱ्यांना दिल्या जाणाऱ्या सेवा सुविधा, खते बी-बियाणे, औषध पुरवठा बाजारभावापेक्षा कमी किमतीत शेतकऱ्यांना उपलब्ध करून दिला जातो. अशी माहिती व्यवस्थापक विजय देवकर यांनी दिली. या नाविन्यपूर्ण उपक्रमाचे आयोजन कॉमर्स विभागातील अर्थशास्त्राचे प्रा. एस.आर.जाधव, डॉ. प्रविण लुपने व प्रा. त्रशिकेश खारगे यांनी केले होते.

जी. डी. बापू लाड महाविद्यालयाचे विद्यार्थी रमले अंगणवाडीमध्ये

वार्ताहर
कुंडल

क्रांतीअग्रणी जी. डी. बापू लाड महाविद्यालयातील कॉमर्स विभागाचे विद्यार्थ्यांनी अंगणवाडीला भेट देऊन विमुक्तपणा दिल्या जाणाऱ्या सोयीसुविधांची माहिती घेतली.

महाविद्यालयातील बी.कॉम. भाग ३ मधील विद्यार्थ्यांनी "अभ्यासानुवर्ती कार्यक्रमांतर्गत व्यावसायिक पर्यावरण या विषयातील अन्न सुरक्षितता घटकावर आधारित अभ्यासासाठी क्रांती नगर कुंडल येथील अंगणवाडी क्रमांक ३२

कुंडल : विद्यार्थ्यांनी अंगणवाडीला भेट देऊन माहिती घेतली.

या अंगणवाडीस भेट देऊन विद्यार्थ्यांनी एकात्मिक बाल विकास केंद्रातर्फे दिल्या जाणाऱ्या सेवा-सुविधांची प्रत्यक्ष माहिती घेवून, अभ्यास उपक्रम महाविद्यालयात सादर केला.

सदरची माहिती अंगणवाडी सेविका सौ. शोभा संजय गोरड आणि मदतनीस सौ. कांचन सतीश कुंभार यांनी दिली. यामुळे विद्यार्थ्यांना सदर घटकाची सखोल माहिती मिळाली. या नाविन्यपूर्ण उपक्रमाचे आयोजन कॉमर्स विभागातील अर्थशास्त्राचे प्रा. एस. आर. जाधव यांनी केले होते.

यासाठी संस्थेचे अध्यक्ष आमदार अरुण लाड यांची प्रेरणा मिळाली. तसेच महाविद्यालयाचे प्राचार्य या. डॉ. प्रताप (नाना) लाड यांचे मार्गदर्शन लाभले.

तसेच कॉमर्स विभागाचे विभागीय प्रमुख डॉ. लुपने सर, प्राध्यापक खार सर, या सह महाविद्यालयातील सर्व प्राध्यापकांचे सहकार्य लाभले.

Mr. Pawar Shivtej Dilip is awarded 'Star of the year'

Best Practices

Year 2019 - 2020

Title of the practice-Start Credit System

1. Objectives of the practice:

- To bring about holistic development of students
- To gain more knowledge about textbook elements
- To increase the participation of students in classroom teaching
- To facilitate the teaching - learning process
- To inspire students to study by creating constructive competition
- To creating interest in the subject among the students
- To allowing students to apply the knowledge they have acquired

2. Context:

This scheme is used to accommodate the students in the classroom teaching process while teaching a subject. In recent times, students are not focused on classroom teaching. Students are often decentralized, by adopting this system, students get better results. This method is used to give the students an external knowledge of other elements which are in line with the subject matter. The student develops interest in the subject and the learning process goes smoothly. The objectives of the scheme are to develop the student holistically, to get more information about the textbook components, to increase the student's participation in the classroom, to facilitate the teaching and learning process, to create constructive competition among the students to motivate them to study. Creating social awareness, allowing students to apply the knowledge they have acquired.

3. The Practice:

Scheme format –

- When a student asked a question related to the subject for analyzing an answer or a point in a lecture, he/she will get 2** (2 Stars)
- Another issue raised by the same student on the same day. If he/she analyzed or of another question or answer, he/she with get 3 *** (3 Stars)

- On the same day the same student made another third point, if analyzed, he/she will get 4**** (4 Stars)
- As well as subject related information is to be collected through News papers, magazines, Books, internet etc. he will get 10 ***** (10 Stars)

(if more than one student brings the same information, then student who comes first, he/she will get the star)

- A student who plants a tree and brings a photo while planting will get 50 stars, and a student who brings a photo with the tree as proof of the tree conservation will get 100 stars.

4. Some rules for the plan:

1. Each student must earn at least 12 (12 stars) working days in a week (6 consecutive days),
2. If student don't at least 120 (12 stars) then he/she has to be given at least 15 minutes seminar on the component one of the subjects
3. 12 (12 stars) if student could not be obtained stars for three weeks in a row then that student earned up all stars to that day will be deleted.
4. Photo of tree conservation in college's annual award function. Photo will be submitted before 4 days prior to the distribution program
5. The stars of tree planting and tree conservation will be counted in the star of the year award.

5. Evidence of Success (Results after implementation of the scheme Conclusions):

1. Student class attendance increased
2. The students developed interest in the relevant subject.
3. The student's attention was focused on the classroom.
4. The study teaching process becomes easier.
5. Student begun to associate subject knowledge with practice.
6. Student began to gain additional knowledge of the subject matter from other sources.
7. Student began to express their views strongly.
8. Students were inspired by the study.
