### **E-GOVERNANCE POLICY**

For the system of higher education institution like Krantiagrani Dr. G. D. Bapu Lad Mahavidyalaya, Kundal, the use of ICT in the governance of the necessary aspects has become essential. It implies that all databases and information should be in electronic form and not manual. The workflow within all sections or departments should be automated to enable efficient governance in the college in order to serve all the stakeholders.

- 1) ICT is used to automate, transfer, and analyze the data or information in the college administration for all the purposes of Admissions, Workload, Timetable, Internal Assessment, Examination, Attendance, and Result etc.
- 2) It is also adopted for all the management aspects like Student Management, Campus management, Employees management and Administration management.
- 3) The manual tasks like record keeping, inventory, stock checking and filing have also transformed with the use of digital technology. The voluminous data is handled efficiently and smoothly under e-governance with less and less use of paper in office.
- 4) The Accounts are highly benefitted by the use of e-governance while handling the pay rolls, salaries, investments, balance of payments, fee collection etc. particularly aligned with the Govt. policy of digital payments in the institutions for better accountability and transparency.
- 5) The college library has expanded its services and resources most significantly for all the users with automation and digitization through use INFIBNET.
- 6) All the stakeholders of the college- students, teaching staff, administrative staff, and alumni come together under the umbrella of e-governance without space and time constraints.
- 7) In order to promote the use of ICT for the purpose of e-governance the administrative staff is trained and their capacity-building is taken up regularly to use the products and services of e-governance at the college.

E-governance works as the key of good governance by offering an effective, efficient, accountable and transparent administrative system in the college.
